

Please Answer the Needs Assessment Survey

As part of the federal regulations for the Vocational Rehabilitation State Plan and Tennessee's desire for continuous improvement, we are conducting our triennial statewide studies to determine the current needs of individuals with disabilities within the State and the best methods to meet those needs.

As part of this process, we are seeking responses to the survey below. Please click on the link and follow the directions. Your input is greatly appreciated.

Please complete the short survey by April 15.
